

## **MISSION**

To facilitate a vibrant and conducive growth environment for the IC & System design industry. To pro-actively harness the synergy of the various entities of Singapore IC and system design industry in the area of :

- Technology
- Manpower Training
- Market Requirements
- Infrastructure Support

## **KEY FACTS**

Established in late 2005, MIDAS has grown to 24 members today. MIDAS membership depicts the extent of the semiconductor ecosystem in Singapore, with members representing IDMs, fabless design houses, EDA vendors and academia and includes representation from multinationals to SMEs. Members include:

- Fabless Design houses
- Integrated Device Manufacturers (IDMs)
- Electronic Design automation (EDA) vendors
- Academia
- Service Providers

## **MIDAS Executive Committee**

MIDAS has an executive committee which sets the organization's general direction, decides matters of overall policy and reviews MIDAS activities. The MIDAS Executive Committee is committed to the goals and principles of MIDAS. The MIDAS board represents some of the most prestigious companies in the semiconductor industry and includes representation of both large and small companies, along with industry as well as academia.
